

**Ideaca** is a Canadian based consulting firm helping customers from strategy to solution through a portfolio of management consulting, advisory, implementation and support services.

## Solutions

### Enterprise Resource Planning (ERP)

Ideaca has one of the largest ERP consulting practices in Canada. Our ERP experts deliver a complete end-to-end, rapidly deployed solution, based on a deep understanding of your business needs and existing business systems

### Business Intelligence

Ideaca's Business Intelligence (BI) solutions use leading information technology to collect, consolidate and provide in-depth analysis of company data to enhance day-to-day decision making

### Portals and Collaboration

Ideaca's Portals and Collaboration services integrate business information and applications into a single portal environment, connecting users to the knowledge, processes and technology needed to efficiently perform everyday tasks

### Cloud Computing

At Ideaca, we have the experience to improve organizational focus and reduce costs with our Cloud-based services. Having worked on a number of Microsoft Azure Platform engagements, Ideaca can help organizations evaluate alternatives, migrate to, deploy or support Cloud-based solutions.

### Custom Application Development

Ideaca's Custom Development teams are driven to help organizations meet business objectives more effectively. Our experienced technical and management consultants provide overall strategic vision and serve as trusted advisors in all aspects of business analysis and solution design.

### Customer Relationship Management (CRM)

Ideaca has a wealth of experience with a number of CRM solutions including Microsoft and SAP. We are one of the first fully certified Microsoft Dynamics CRM partners in Canada we have delivered Dynamics CRM solutions since its initial release

### Application Infrastructure

Ideaca's Application Infrastructure group creates solutions that encompass the technologies necessary to build and support enterprise applications and services

### Support

Ideaca's Support group is committed to providing post-implementation services to complement and augment every aspect of our traditional project consulting business
