GLOBAL PARTNER OF THE YEAR

Ideaca has one of the largest ERP consulting practices in Canada. Based on our proven Methodi implementation methodology, our ERP experts deliver a complete end-to-end, rapidly deployed solution, based on a deep understanding of your business needs and existing business systems. The result is a single, integrated solution that automates and streamlines business processes to significantly improve organizational efficiency and workflow.

Petro-Canada

Petro-Canada is one of Canada's largest oil and gas companies with nearly 5000 employees worldwide, operating in both the upstream and the downstream sectors of the industry, in Canada and internationally.

Ideaca implemented Microsoft Dynamics AX, combined with Microsoft BizTalk® 2003 Server and a Web-based user interface accessible through Microsoft Internet Explorer® throughout Petro-Canada's Retail division. This project is one of the largest Microsoft AX implementations in the world as there are currently 700 retail locations across Canada supported by the application.

Gibson Energy

Headquartered in Calgary, AB, Gibson Energy is a people-centered company that develops, implements and supports midstream solutions for the oil and gas industry.

Gibson worked with Ideaca to implement Microsoft Dynamics AX focused around core financial functions AR/AP, GL as well as budgets and forecasting, fixed assets and project cost tracking. The Dynamics AX solution delivered by Ideaca allows Gibson to be more efficient in producing reports and has minimized the re-keying of data into several systems and spreadsheets.

Ensign Energy Services

Ensign Energy Services Inc. is Canada's second largest land-based drilling contractor and third largest well servicing contractor. Ensign provides oilfield services for the North American and international market.

Ensign Energy Services implemented Microsoft Dynamics AX 4.0 with the help of Ideaca. The solution has enabled Ensign to efficiently track personnel and assets in the field, as well as shrink the lead time between operation of work and billing. Ensign can now hand their customer an invoice on the spot while that information is immediately fed back to Microsoft Dynamics AX.

Soberman LLP

Established in Toronto in 1958, Soberman LLP has rapidly become a highly-respected public accounting firm. Today, we they ranked as one of the premier chartered accounting firms in Canada.

Soberman turned to Ideaca to help build a streamlined user friendly time entry and billing system based on Microsoft Dynamics AX. As a result, Soberman is able to forecast the need for people and resources more accurately, increasing efficiency and better prepared for future growth.
